Coming soon: Lasernet 10.3!

2022-07-07 - Adam McStravick - Comments (0) - Lasernet News

Our development team is now busy putting the finishing touches on Lasernet 10.3.

The release is planned for mid-July, when you can find full details here on the Lasernet Support Portal.

What Is Included?

- Hyperlinks in images
- Encryption and password protection for DOCX and XLSX format documents
- Requested fix (ref. 24435, 25201, 26262) where empty values set from the JobInfo profile were not editable

...and much more!
